PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience building web applications across modern technology stacks including MERN, ASP.NET Core, PHP, and WordPress. Proven expertise in developing RESTful APIs, working with relational and NoSQL databases, and delivering scalable solutions in agile environments. Strong background in full-stack development and process optimization, with demonstrated success in improving application performance by 30% and reducing project turnaround time by 30%.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Java, Kotlin, PHP, Dart, C#, SQL, HTML5, CSS3

Frontend: React, Vue.js, jQuery, Bootstrap, Tailwind CSS, WordPress, Responsive Design

Backend: Node.js, Express.js, ASP.NET Core, ASP.NET MVC, REST APIs, GraphQL

Databases: MySQL, MongoDB, SQL Server Management Studio, Firebase, NoSQL

DevOps & Tools: Git, Jenkins, Docker, AWS, Postman, JEST, Selenium, CI/CD

Methodologies: Agile/Scrum, Object-Oriented Programming, Test-Driven Development

PROFESSIONAL EXPERIENCE

Overnight Associate

Walmart Canada

Aug 2024 – Present

Waterloo, Ontario, Canada

- Managed overnight stocking operations ensuring fully prepared sales floor for store opening while maintaining adherence to safety procedures
- Processed and organized incoming freight efficiently across backroom and sales floor locations, supporting inventory management
- Set up product displays and promotional features in accordance with company standards, contributing to sales objectives

Operation Support Analyst

PMC Retail

Sep 2023 – Aug 2024

India

- Analyzed operational data using SQL and Excel to identify trends and bottlenecks, enabling data-driven decisions that improved efficiency by 25%
- Collaborated with cross-functional teams to streamline workflows and automate processes, reducing issue resolution time by 40%
- Developed comprehensive operational dashboards ensuring transparency and accountability across departments

Full Stack Developer

Enlighten Infosystems

Jul 2022 – Aug 2023

India

- Developed enterprise-grade web applications using ASP.NET Core, MVC architecture, and modern JavaScript frameworks, serving 10,000+ monthly users
- Engineered RESTful APIs and integrated third-party services, achieving a 30% increase in application performance through optimized database queries
- Collaborated with cross-functional teams to implement innovative features, improving project delivery timelines by 20%

Software Engineer

StyleDraft

Jan 2021 – Jun 2022

India

- Built dynamic, responsive web applications using MySQL, JavaScript (ES6+), and Bootstrap, enhancing user engagement by 35%
- Implemented object-oriented programming principles and design patterns to improve code maintainability, reducing technical debt by 25%
- Spearheaded agile practices that streamlined development workflows, achieving a 30% reduction in project turnaround time

EDUCATION

Conestoga College

Postgraduate Diploma in Information Technology

Kitchener, Ontario, Canada

Sep 2024 – Dec 2025

Gujarat Technological University

Bachelor of Engineering in Information Technology

Vadodara, Gujarat, India

Jan 2019 – May 2023
